Chan,

Thanks for the response.

Mark

Hi Mark,

Sorry for the delayed response.. I needed to discuss this with our IRT representative, Linda Storm, first. Anyhow, please only inform me of potential changes that would affect our Consent Decree.

Respectfully,

Chan Pongkhamsing

Subject: FW: Port of Tacoma Umbrella Bank

Kimberly and Chan,

FYI only. The below is for the establishment of the Port's Umbrella Bank, including the non-EPA

portion of the UCCMS.

It doesn't seem necessary to me, but do you want to be cc'd on bank information or only if there is a potential change that would affect the EPA portion of the site? Once construction is completed (which will be soon), there shouldn't be any changes affecting the EPA site unless there are future contingency or adaptive management measures that need to take place, in which case there are procedures in the consent decree for that.

Regards,
Mark

Subject: Port of Tacoma Umbrella Bank

Gail and Kate,

At your request, I am submitting this email to you and the IRT simultaneously. IRT members, please let me know if I should include different, or additional, contacts for your organization.

At the request of the co-chairs, the Port will be submitting portions of the MBI for review instead of the entire MBI at one time. The goal is to allow for more efficient review and approval of the entire MBI. The Port has completed revisions to the Umbrella MBI Basic Agreement (BA), Appendix A, and a memo discussing bank buffers and a wetland preservation ratio for acquiring additional lands adjacent to the existing Upper Clear Creek (UCC) Bank Site. These documents are saved to the following FTP site in both PDF and Word versions.

<https://webftp.portoftacoma.com>

Username: potmitigation

Password: PotMitigationR

The Port is requesting that the IRT review the BA, Appendix A, and the Memo and provide feedback. We are working on the remaining appendices to the MBI and will need to finalize the information presented in the Memo in order to finish the appendices. Appendix B & D is particularly dependent on the Memo information.

One hard copy of the files is being mailed to Gail and Kate. For everyone else, please let me know if you would like hardcopies, and if so, how many. I can also provide a CD of the electronic files upon request.

Gail and Kate – Given everyone's busy schedule, can we please set a review deadline and schedule a meeting now to ensure availability of as many IRT members as we can? At your request, I can coordinate the meeting date and time with a Doodle Poll given a general timeframe you would like it scheduled.

Everyone's time and effort on this bank is greatly appreciated.

Thank you,
Mark
